

Changes to the Quail Hollow Quarry Open House

2020 is such a unique and unusual year we have determined for the sake of safety not to host an open house or create a group gathering.

Graniterock traditionally hosts an open house in the fall to share with our neighbors the good work going on at the Quail Hollow Quarry.

We like to use this event to help raise funds for the Quail Hollow Ranch Park.

Graniterock has committed to donating \$1,000 to Quail Hollow Ranch Park to support the park during this most uncommon time.

In addition, to shine some light on the operations, we will host an informative webinar with **Jodi McGraw**, Ecologist and Principal at Jodi McGraw Consulting, highlighting some of the rare species and conservation actions Graniterock is implementing in the area. **Ben Snow**, Graniterock Quarry Manager, will also be a guest to talk about the operational excellence that goes on at the quarry. **Rachel Reed**, Graniterock Environmental Specialist, will talk about reclamation and revegetation of native plant habitats.

All of this will take place on Thursday, October 15 at 10 a.m.

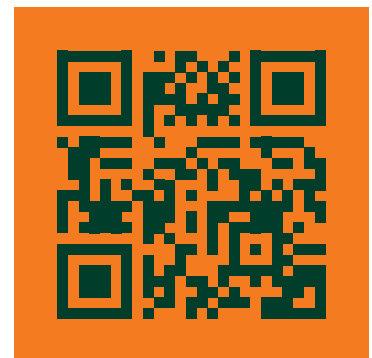

Visit www.graniterock.com/news_events closer to the event date for the webinar link.
